eu vi este ve se serve

1. Enter Service Mode by pressing [MENU] [#] [1] [9] [3] [4]
2. If you do not see the Tech Mode menu press the menu button again. (You need to enter the key sequence quickly.)
3. Select Tech Menu
4. Select DataSetup
5. Arrow to Clear Counts and press Enter
6. Enter Password 1934
7. Arrow to Transfer Belt and press Enter.

The display will show Clearing Counts and then return you to the Tech Menu. Press exit several times to exit the Tech Menu and then power cycle the printer.
